Email directed specifically to Mike Kane MP Sale East & Wythenshawe and FOIR Greater Manchester Council. Witnessed by all E&W Chief Constables and Stephen Watson as GMP CC.

Mike Kane, GMCA,

Mike. On the 16th October 2018 we met with APPG Banking's Heather Buchanan in Portcullis House Westminster having identified that the UK Economy was under attack financially and specific at that time the threat to SME's & home owners was the problem highlighted. HMRC, HM Treasury identified as the core issue.

You failed to ask the questions of the HM Treasury Minister John Glen in the House of Commons after our second meet 30.11.18 and this situation became worse and has proven as predicted an attack on the UK its people and the UK economy through the World Economic Forum and its DAVOS clique following is now fully exposed.

2019. 2020. You were informed about the hazards of 5G and acknowledged receipt but did nothing. 5G Masts have been rapidly deployed since and is now a confirmed technical beam forming weapon to harm and cause injury. We The People Case Study 5: <https://www.we-the-people.co.uk/part-2-case-studies>

Given yet again we have specific reports on the links with COVid symptoms and WEF's Yuval Noah Harari's statements of the ability to carry out human surveillance under the skin, the fact that you did nothing on both acts of terrorism against UK men and women somewhat indicates you and those who remained silent were part and parcel of the WEF, UN, EU, CCP initiative to ruin the economy and surveil/ monitor/ finish off those men and women who were deemed of no value to the WEF leveraged UK Govt team.

Pretending you don't know or a non response will be deemed willful ignorance in some quarters but id say this shows complicity.

Having had knowledge from 2018 at least that things weren't going to plan, please can you confirm again based on the latest available data to you that there is no threat as to me the situation has flashing red lights all over it. You described me as i remember being a conspiracy theorist.

This is no longer a theory and you are now appear among the conspirators. All Chief Constables in E&W copied and NPCC. You have remained silent too?

FOIR Greater Manchester can you provide a GMCA statement on the risk analysis you undertook to enable 5g rollout and Vaccine - Bioweapons to be deployed as a parallel exercise having supported the parallel initiatives to the letter?

The risk analysis will have been in keeping with PACE resolution 1815/2011. <https://assembly.coe.int/nw/xml/XRef/Xref-XML2HTML-en.asp?fileid=17994>

7. Moreover, the Assembly notes that the problem of electromagnetic fields or waves and their potential consequences for the environment and health has clear parallels with other current issues, such as the licensing of medication, chemicals, pesticides, heavy metals or genetically modified organisms. It therefore highlights that the issue of independence and credibility of scientific expertise is crucial to accomplish a transparent and balanced assessment of potential negative impacts on the environment and human health.

This from the intelligence gathered appears intentional and is now shared again with yourselves. Thanks.

Bruce
