Dear All Medical Professionals

We refer to the corona virus pandemic, the detrimental effect it is having worldwide. As you are aware it is causing all sorts of health , psychological and economical issues. We are pleased to announce the global collaboration between the medical professionals across the world for the endeavours.

It is now the common consensus amongst a vast majority of the prominent medical professionals around the world, that this hysteria of virus and the measures taken in particular (lockdown) are not proportionate to the mortality rate.

The virus pandemic is being led by WHO (World Health Organization) as a world emergency , UNICEF , Bill & Melinda Gates Foundation , Director National Institute of Allergy & Infectious Diseases ( NIAID) ,USA and Vice Dean of Epidemiology Imperial College ,London and UK Scientific Advisory group for emergencies.

To our understanding the virus is being used as a scapegoat for implementing dangerous vaccinations, which in turn could have detrimental effects on human health and general wellbeing.

Please can you confirm whether you will be able to support our endeavours for the sake of humanity and suffering of the public around the world for the unsolicited and unwarranted act by the aforementioned institutions by simply replying with a “yes” or “no” answers.

Please note we are being supported by vast majority of the general public worldwide.

I look forward to hearing from you at the soonest.

Best Regards

Chairman  
Dr Mohammad I Adil

World Doctors Alliance ( WDA) & dedicated Team
