Bruce Lamb. Welcome to Greater Manchester Police's live chat. How can I help?

Bruce Lamb

Id like to report a crime that is happening but your emergency 999isnt the most apprpriate mechanism for what is occurring. I have evidence and ive linked it in a number of documents which id like to post with you. Its linked to the supposed Covid 19 pandemic and 5G and is intended to prevent harm to the public on a number of levels.

Im quite prepared to talk with informed officers at a station once we have lodged information here. Thanks

What is happening please

Bruce Lamb

Microwave Radiation of the public at beyond levels that is safe to humans. This is also linked to false data being distributed by the government. I have the documents resources and data required also two examples in South Manchester in Hale Barnes and Timperley that need investigation.

Unfortunately that link isnt applicable to the report. This is harm to the public and you havent read the supporting data. You have not had the time to understand what is being reported. Thanks

This is a starting point: https://peerlessreads.s3.us-east-2.amazonaws.com/CvFNF_GovtKiller.mp4

My Affidavit then the 7 points need to be read and comprehended fully

Please call me once a responsible officer has read and digested the data and we can make some progress and save millions of lives. Thanks Bruce Lamb CLC +447976302068
