Hi Gary,

Copying Ian Hopkins GMP Chief Constable.

There is information within the email that supports the receipt of physical documents. Post Office Tracking Codes. References to Scientific Materials. Links to the PDFs if you cannot locate the physical document that was posted and tracked.

Chief Constable Hansen's tracking number is linked in the article or post: <https://www.5gmediawatch.com/post/affidavit-statement-of-truth-we-the-people>

This records the final stage and gate of the process of NOTICE OF OBLIGATION : <https://www.we-the-people.co.uk/> - specifically <https://www.we-the-people.co.uk/default-3-7>

The email supports the NOTICE OF OBLIGATION process documents to confirm a 7 day timer commenced 15th December 2020 when you will have received the final signed for documents, this follows the lawful process of the United Kingdom.

I've copied Ian Hopkins GMP Chief Constable so that he as nominated primary contact for UK Chief Constables can make sure ALL Chief Constables are fully aware of the process as i do hope your Chief Constables have read the details from the project start as it is a process that has given you the opportunity from 16th October 2020 to date to respond to the TREASON, Fraud and theft that is taking down the UK economy and leaving the people with little choice to sort out the issues presented ourselves under Article 61 Magna Carta - Lawful Rebellion.

The latter stages of the corporate onslaught, incorporate medical manslaughter and genocide/ democide so i think it best you make him fully aware of the documents and emails sent to him. Its importance is very high if not critical.

Those who have carried out the investigations and provided We The People data evidencing the facts presented are Doctors from the WDA/ WFA <https://worlddoctorsalliance.com/> <https://worldfreedomalliance.org/> , ex Detective Constables, Property Professionals, 5G Technical Subject Matter Experts and myself a Business Analyst used to carrying out corporate efficiency measures and company turnarounds who also identified HMRC/ Treasury fraud protected by the FSA/ FCA, Economic Crime Squads and ultimately a Greater Manchester Police cover up referenced as Cyclops 1146/12.

This in turn over time helped identify securities fraud on over 50% of new build across the UK late 90's to mid 2009 and 82.7% (10 Million plus properties) of the UK housing stock being paid off/ nothing owed, through HMRC/ HM Treasury linked Banking fraud. Reported to Kevin Hollinrake MP, Portcullis House, Westminster visit 16.10.18 meeting with APPG Banking Exec Director Heather Buchanan determined questions to be asked of John Glen Treasury Minister by Mike Kane MP.

This didn't happen, a further cover up. The cost is that the UK economy is wrecked by design and covered up by a TREASONOUS Government, Councils, Police and Judiciary. Sir Ian Burnett - Lord Chief Justice has the complete document set.

Having said that reading Case Study 3 Part 2 gives evidence implicating members of the UK Judiciary's decisions aiding the suppression of precious metals prices: <https://www.we-the-people.co.uk/part-2-case-studies>

Given the scope of what criminal activity has been allowed to go un investigated id say every UK Police Chief Constable will have a vested interest if working to their Oath of Office and starting to rectify this mess.

The criminality we are aware goes all the way to the top. As an example John Penrose the anti corruption minister has been covering up systemic fraud along with his wife "Dido" to the cost of the nations economic well being id check out [OP Meadow](#) a leaked report of cover ups within Avon & Somerset delivered by Thames Valley Police to Action 4 Justice.

Penrose' wife is the chair of Test & Trace another money wasting exercise that will be exposed shortly. Don't get swabbed or vaccinated (Both exercises contain nano particulates - metals) as you may/ will regret the impact of 5G EMFs. It will make you sick - Hypoxemia, those NOT strong enough will die by design.

We are born with 500,000 viruses within us. Its what triggers them to then see symptoms (Cleansing of the body) <https://www.5gmediawatch.com/post/your-born-with-500-000-viruses-in-you-covi-19-expose>

Checkout: <https://www.microwavedvets.com/virus>

A final note. Make sure Chief Constable Hansen and every UK Chief Constable is aware of the full NOTICE OF OBLIGATION process, hundreds have participated UK wide, thousands have witnessed. See Affidavit attached. Thanks

Dear "we-the-people-uk"

Thank you for the email dated 15 December 2020, which was cc'd to Chief Constable Hansen.

I have read the contents and noted them – at this stage, Mr Hansen has not seen the email.

I have determined that there is no action for Gloucestershire Constabulary to take at this time – but as always, if that assessment is incorrect, then please contact me.

Thank you for sharing the email with us,

Thanks,

Gary Thompson
