

/// PUBLIC NOTICE ///

Dear UK Citizen,

You are being told **MASSIVE LIES** about **COVID 19** to justify the removal of your human rights

This notice is being placed all over the UK by a group of concerned individuals who number several thousand. We are not "Conspiracy Theorists". We come from all walks of life and have each independently drawn the same conclusion, which is explained below.

THE BIG LIE

...suffice it to say, *lies* within the magnitude of this 'plannedemic'. There is indeed a respiratory issue happening right now but it is nowhere near as huge as portrayed by the media. This so-called pandemic is being achieved by massively inflating the numbers and by making grossly skewed projections of future cases—despite the nature of all pandemics being to taper off after the initial outbreak. The models being used are demonstrably wrong.

THE NUMB3R5 ARE BEING INFLATED

1 The tests used in hospitals can only determine whether you have any variety of the huge family of coronaviruses—not a specific COVID-19, neither the **viral load**, which is the true indicator of illness. In actuality, many healthy people would test positive for coronavirus, which is normal, and not worthy of panic.

2 Since coronaviruses are incredibly common and present in well and sick people alike, unrelated deaths are being falsely and conveniently attributed to COVID-19. Notice the wording in the media: "X number have died after testing positive".

This is not the same as "dying from".

3 Total UK deaths are lower than they were in previous years; this reveals that we don't have an increase in deaths, we only have re-allocation of the cause.

WHY ARE THEY DOING THIS?

A powerful group of international billionaire businessmen who hide behind philanthropy identified people as a threat to their plans in rolling out future technology. They are combating us by introducing stricter control measures—and making them the new norm. This will involve a live feed control grid of 5G towers, satellites and lamp post antennas, among other methods. Their means in obtaining our acquiescence is by using fear. It is due to fear people willingly stay home and out of the way during the installation of this new control grid. Over 4,000 independently funded peer reviewed studies also highlight and warn about the dangerous effect this technology will have on human life. Several cities globally have already banned its installation.

This same group of elite are also working within de population plans to justify a mandatory vaccine and ID certification model that they will profit from in the trillions. This tracking system will determine where you can go and what you can do. It is a horrific infringement on fundamental human rights and medical freedom. It is entirely unnecessary, unsafe and unsustainable which has been supported by many unpaid experts.

WHISTLEBLOWERS

There are many heroic nurses and doctors speaking out on social media, providing footage of their own hospitals and describing the pandemic as "much smaller" than reported on the news. Many people in our group are also frontline doctors, nurses and scientists. We appreciate their bravery in a time when healthcare professionals are being silenced and threatened with disciplinary action for speaking out about their work.

WHAT CAN YOU DO?

We do not ask that you do anything. We do not even ask you to believe us. Just please be aware that you are being lied to on a massive scale.
