Richard,

Thankyou for responding on behalf of Trafford Borough Council. I'm also now to add Tony Lloyds office, Greater Manchester Police Commissioner. Manchester Economic Crime Division already copied in the email.

I've also attached Mark Steeles response who is a subject matter expert in this field. You copied him on the response to myself. Thanks.

I'd like to break down your response by section and draw your attention to the relevant Source Materials and data. All can be supported and not unsubstantiated. Marks supporting extracts you will need to take on board also.

The reason the FOIA questions were asked of Trafford is that GMCA stated you will be able to answer them as they could not. You know the Street Lighting and associated 5G technology entities and attributes?

If neither GMCA nor Trafford can answer them we have a serious issue across GMCA as more than likely all councils will claim the same given the serious nature of the issues now identified.

Given you can refute to having anything of this nature (Defence Energy Weapons) someone must have told you this unless you are the source?

The source must have the 5G inventory entities and attributes to make that statement otherwise it cannot be proven.

Initial request: <https://www.5gmediawatch.com/post/north-east-councils-admission-of-guilt-a-conspiracy-to-harm-gmca-push-out-to-member-councils>

I will gladly take you out for a drive round Manchester and point out phased array units (DEWs) on the top of street furniture.

You can then tell me there are none in Trafford and get the source data to support the safety aspects of the Trafford asset base.

I will not be retracting anything until you prove Trafford based technology is 100% safe and within legitimate proven safety guidelines and have the Scientists retract their tested, reported findings. Also, Bank related fraud proven to the Treasury isn't systemic in the UK.

I suggest you start doing your homework as believing what you are told and not researching will get Trafford, GMCA and those parties complicit into very deep water.

Bank fraud is one thing, this is cancer causing technology we are now discussing. Trafford and GMCA are now fully aware of the consequences, facts and impact. This impacts you, your friends, business colleagues everyone copied.

We've already had a question set not delivered by Mike Kane MP to John Glen Treasury Minister October 2018 in the House of Commons as it's Televised.

This identifies that the UK economy is being undermined from within and theft from the public purse runs into Billions. The legal cases will commence soon.

In June 2019 Mike Kane again was informed of the use of energy weapons on show in the GMCA territories. This will now be followed up to see what action was taken.

I will look further into the LED street head units more closely now for Trafford as the question set delivered to you is relatively simple. As was to GMCA.

As you are not prepared to answer or meet we have another cover up, unfortunately.

I'd suggest you start taking a look at what toxic energy two Vodafone masts are delivering into Timperley and Hale Village Centres to start. These are the people you are meant to be doing a job of safety and protection from harm. These Masts are part of a 5G/ 4G LTE delivery.

Find below linked posts 6000mV/mtr measured and recorded. This is one part of 5G. 4G LTE 3G, 2G, SMART meters, LED Street lamps, 5G Small Cells (Not seen any UK yet but these are going in, overseas.) WiFi. All cause EMF densification issues when combined.

This subject area is effectively about the densification of Electro Magnetic Waves and Electro Magnetic Fields and the use of harmful technologies and breaking established safety codes. [Nuremburg Code](#) and [UN Human rights](#) violations.

<https://www.5gmediawatch.com/post/hale-village-why-the-historic-tree-was-axed>

<https://www.5gmediawatch.com/post/timperley-news-retailer>

There are many more mast sites to check but this will do for now to establish root cause and those behind the activities.

This is required analysis and how you go about proving a problem in any business. The problem here is the UK economy and now genocide and who benefits. We now need to look at the root cause through a question set.

This line of discussion with APPG Banking will now be resurrected as the links into the financial fraud and cover up when you know how money works and who gets paid for what and the level of mismanagement in the UK financial system is strong.

The points of common financial flow being the Treasury, HMRC, HM Treasury protected by the regulators FSA then FCA. In business looking for fraud its a question of follow the money principles. Here it is no different.

There is the same issue covering up in medicine with the cure for cancer <https://mhracorrupst/parliament-guilty/> GcMAF Cancer Cure: <http://bit.ly/335PFbC> and now with 5G, FCC regulations. Relevant source material links below.

This will cause further death and a high cancer rate increase but when the Treasury gets paid out on death via the Birth Certificate/ Death Certificate/Treasury Bond closure via the Bank of International Settlements (UCC Section 3) we see a different picture unfolding.

This merges with the same issue of theft from the UK people and their businesses. This time its profiteering from the act of genocide.

The common point is the Treasury. If you are not aware of this please make sure Trafford become fully aware of what is taking place on a larger scale. It affects us all.

At the moment in Local Government we have yet to establish who is preventing justice from being carried out and information being disseminated. Here we will start to identify those responsible.

This is what is about to be undertaken. This is part of Agenda 21 - 2030 implementation. Go ask Rand Organisation, Rockefellers, Rothschilds or Andy Burnham. Someones bought into this hook line and sinker. This is what being a "Resilient City" is all about. Project Fear.

Please make yourself familiar with Uniform Commercial Code Section 3 for the wider financial aspects. See what happened in Paradise California. Look at the Australian Fire Events. Youtube. Not the News. Links below for your reference.

Identifying the line of communication to block an investigation will identify those in the know. I have much of the supporting data now after 13 years research and interviews with third parties.

This was allowed to happen as those who are complicit have financially benefited from the cover up. The true cost or consequences to the general public, not being revealed for good reason.

We do now though have the figures on head count for 2025 from Deagel sources UN, CIA, Worldbank, EU, US DoD http://www.deagel.com/country/United-Kingdom_c0209.aspx

Multiply the average Bond values by 51 Million and you get the profits the Treasury will benefit from. (66 Million -15 Million= 51 Million) On a three point estimate Min, Max, Most likely you will get a good guide figure that BIS will pay the Treasury.

I followed this line of investigation starting with the cover up of a £200 Million Securities Fraud. This was Bank initiated and fit the Silent Weapons Quiet War description of how to take down a country financially. This is happening here and now.

In brief, pictorially depicted below, Silent Weapons Quiet Wars is the Rothschild strategy to undermine economies along with Rockefeller and implemented through the Rand Organisation.

The genocide is referred to in a number of sections but specifically for confirmation anchor 235589 confirms. This is the manual for commercial psychopaths at the top level to implement Agenda 2030.

<https://www.syti.net/GB/SilentWeaponsGB.html#silentweapons>

<https://www.syti.net/GB/SilentWeaponsGB.html#anchor235589>

SILENT WEAPONS QUIET WARS.	
The Elites - TABLE OF STRATEGIES	
Do this	To get this
Keep the public ignorant	Moins d'organisation publique
Maintain access control	Required reaction to output (prices, sales)
Create preoccupation	Moins de défenses
Attack the family unit	Control of the education of the young
Give less cash and more credit and doles	More self-indulgence and more data
Attack the privacy of the church	Destroy faith in this sort of government
Social conformity	Computer programming simplicity
Minimize the tax protest	Maximum economic data, minimum enforcement problems
Stabilize the consent	Simplicity coefficients
Tighten control of variables	Simpler computer input data - greater predictability
Establish boundary conditions	Problem simplicity / solutions of differential and difference equations
Proper timing	Less data shift and blurring
Maximize control	Minimum resistance to control
Collapse of currency	Destroy the faith of the people in each other

Genocide is a strong term but i suggest you read Silent Weapons Quiet Wars thoroughly line by line and start researching history not as written and passed off into schools but from those who are well placed to know as they are a part of it.

I made it my goal to find out exactly what was going on after unknowingly being the target of a Silent Weapons Quiet Wars event.

There is no point building businesses if the establishment are going to pull it to pieces or attempt to finish me off. I decided to understand it and put counter measures in place.

Related signed affidavits are attached for reference. Mark Steeles supported facts, attached for reference.

I will reconvene with APPG Banking and Heather Buchanans team as we now have a larger financial problem and greater cover up to address

Below. Taking your points and breaking these down. Thanks

Kind Regards,

CLC

Dear Mr Lamb

I am writing in response to your email below and previous correspondence. The Council has responded fully to your previous enquires. A full health impact assessment was carried out and published in advance of the decision to install LED street lights, and there is no evidence of a link to cancer.

1. Please provide the full health impact assessment. Carried out by whom and to what standards? GMCA passed this request to yourself to answer. FOI 311532 linked questions and response.

<https://www.5gmediawatch.com/post/north-east-councils-admission-of-guilt-a-conspiracy-to-harm-gmca-push-out-to-member-councils>

2. https://www.exeter.ac.uk/news/featurednews/title_655460_en.html

“Blue light” of LED streetlights linked to breast and prostate cancer

The “blue light” emitted by street lights including LEDs, and commercial outdoor lighting such as advertising, is linked to a significant increase in the risk of breast and prostate cancer, innovative new research has concluded

3. <https://www.highwaysmagazine.co.uk/Public-Health-England-issues-LED-street-lighting-warning/3981>

4. Please Consider Marks Steeles data attached.

5. Your previous communications eventually referred to GMCA and GMCA now have referred back to Trafford?

Similarly, as advised previously there is no peer reviewed scientific evidence of any health impact from 5G technology.

5G wireless... the industry HAS NOT shown it to be safe for your health or privacy —

yet THOUSANDS of peer reviewed, independent studies show the risks it presents.

Learn about the dangers and find solutions in your community!

8. <https://ehtrust.org/>

9. 5G apocalypse - Extinction Event: <https://youtu.be/ol3tAxnNccY>

10. Please read Mark Steeles attached data.

In your email below and in previous correspondence you make reference to a FOI request to GMCA and ask the Council to respond to the questions contained in it. The Council has not seen the FOI or the response from the GMCA and therefore is not in a position to comment.

1. This was provided to you and referenced. I also asked you to contact GMCA in order to get a joined up response GMCA members copied at all times: <https://www.5gmediawatch.com/post/north-east-councils-admission-of-guilt-a-conspiracy-to-harm-gmca-push-out-to-member-councils>

Your correspondence makes very serious, unsubstantiated allegations of conspiracy from those who control Government; fraud and attempted genocide; high energy beams being delivered from planes and helicopters to initiate fires in California and Australia; cover ups by Philip Hammond and Theresa May; and the presence of energy weapons in residential areas of Trafford. There is absolutely no evidence to support any of these allegations.

1. Conspiracy. Read the full Silent Weapons Quiet Wars document. Trafford and GMCA are carrying out the work of Commercial Psychopaths, knowingly or unknowingly. Please advise as to knowingly or unknowingly. Silent Weapons Quiet Wars (SWQW) commenced 2.6.1953 Coronation Day. Liz II is a 3/16 Rothschild. Queen of Swans and Dolphins by title. Not England nor the UK. Hence you have the monarchy falling to pieces. Everything that carries an oath of office is to a false Crown, the same will happen for many current institutions based on this false foundation. Parliament etc. There is more to it than this but go and do your own research. <https://www.syti.net/GB/SilentWeaponsGB.html#silentweapons> You need to go to the correct resources to work out the problem extent, linked issues and potential impact and go back to 1815 to understand how this took place. Then you are in a position to fix things. This is why i took the task on, you have to understand the business problems to tactically address and build solutions. Many solutions we now have. We understand the problem.

Here's your starting point: <https://www.kingof.uk/documents-legal/> These are sworn affidavits, statements of truth, registered with the Common Law Courts.

The basis for all UK Law. <https://www.commonlawcourt.com/>

5G Related - On Topic: https://www.commonlawcourt.com/clc_cases/the-people-represented-by-willie-mercere-vs-theresa-may-nicky-morgan/

You now have Mark Steeles data also to act upon.

2. I have personal experience of the "Conspiracy" as you put it. APPG banking have the facts/ data and Heather Buchanan also Mike Kane agreed questions needed to be asked in The House of Commons 16.10.18. Mike Kane MP failed to do this as its Televised and **The Truth Would Get Out**. Meeting Wythenshawe 30.11.18.

Here is a simplified version with a few screenshots of how to take down the UK economy through manufactured property bubbles. This is economic failure waiting to happen in the UK by design. Similar to US RMBS failure 2008. UK to be expected inside Two Years by Design. Covered up at FSA, FCA, HMRC Treasury level : <http://www.tangentpropertyservices.com/single-post/2020/01/09/How-To-Create-A-Property-Bubble> Watching The Big Short and Inside Job will get you 50% of the way there with understanding the problem.

Linked in this deck: Notes by Slide <http://www.tangentpropertyservices.com/single-post/2019/11/01/YourMSCoUK> : <http://www.tangentpropertyservices.com/legal-quest-challenge>

Other examples in SME Alliance: <https://www.smealliance.org/> Spank The Banker: <https://www.spankthebankerfilm.com/> Many others who ive spoken to and shown how this is being done or have experienced direct. These are facts not theories.

3. Theresa May Stopped the UK Banking Tribunals after questions were raised by Kevin Hollinrake MP in the House of Commons, Philip Hammond Blocked the questions of Andrew Tyrie followed by Thames Valley Police Commissioner Anthony Stansfeld as to a Treasury lead cover up of the organised white collar crime of the financial ransacking of the UK public purse. See linked Theresa May Twitter content in Amber Rudd confirmation of a City/ Elite theft initiative and cover up well documented in other areas if you look [.http://www.tangentpropertyservices.com/single-post/2019/12/11/Amber-Rudd---Confirms-City---PM-Cover-Up](http://www.tangentpropertyservices.com/single-post/2019/12/11/Amber-Rudd---Confirms-City---PM-Cover-Up)

The data I provided confirmed by other sources we have a cover up in the Treasury that will take the UK economy down for those who are not aware of the issues or how they will deliver this planned mass asset theft.

You have thousands of businesses being taken out by Banking criminals posing as a service to the public and businesses. Many MPs are aware of this and ive been copied on previous emails by some.

Excerpt from Anthony Stansfeld fraud related speech: <https://thamesvalley.s3.amazonaws.com/Documents/Speech%20%20Sep%202018.pdf>

Do We Think We Have A Problem - In Government

The Treasury has done all it can to protect the banks, not only RBS and Lloyds, but other smaller banks as well. There appear to be two reasons for this, firstly to sell off the government held shares as quickly as possible, secondly that the civil servants and Ministers, including Chancellors, have been keeping an over keen eye on their future highly lucrative employment within the banking sector. Industry has taken second place to banking, and thousands of viable companies and jobs have been destroyed as a result.

Andrew Tyrie, who was Chairman of the Treasury select Committee until last year, was onto this. In January last year he wrote to the Chancellor Philip Hammond. He said the Treasury Select Committee found it inappropriate that the Treasury should have such extensive powers of direction over financial reviews. The ability of the Treasury to block reviews by the regulators under the Financial Services Act 2012 should be amended as it was seen as a way for the Treasury to cover up its own mistakes. Philip Hammond replied saying he had no intention of amending the Act, and came up with reasons for not doing so. A cynic would say the reason for not amending the Act had far more to do with protecting the Treasury than with protecting the government or public.

25

4. Energy Weapons California and Australia:. Your answers are here: Californian and Australian footage of Tesla Death Ray technology. FBI vault data sources etc. Fox News Advertorial on Defence Energy Weapons.

<https://www.5gmediawatch.com/post/weather-seeding-australian-fires-nano-particulates-chem-trailing-humanity-for-personal-gain>

<https://www.5gmediawatch.com/post/stop-the-crime-debbie-tavares-paradise-lost>

The allegation that the Council has energy weapons or that Council officers or members are part of a wider conspiracy of harm, or have acted fraudulently, is absolutely refuted, has no basis in fact and I ask you to withdraw them immediately.

Whilst such allegations continue to be made the Council will not attend a meeting or enter into further dialogue.

1. The point of the communication was to establish who is aware of what is going on. Read FOI 311532. GMCA - That includes Trafford?
Questions 1-6.

<https://www.5gmediawatch.com/post/north-east-councils-admission-of-guilt-a-conspiracy-to-harm-gmca-push-out-to-member-councils>

2. Harm is being caused but we now need to know the individuals who have signed off against these acts either knowingly or unknowingly hence the question set to GMCA. They've reverted to you.

3. Until you can prove the safety of the Public in the Trafford and Wider GMCA environment we have a problem and the questions remain. You now have the facts. Thanks.

Yours

Richard Roe

Corporate Director, Place

Trafford Council

Trafford Town Hall

Talbot Road

Stretford

M32 0TH

Trafford Council is a well-performing, low-cost council delivering excellent services to make Trafford a great place to live, learn, work and relax
